

POLICE OFFICERS ARE OUR FRIENDS

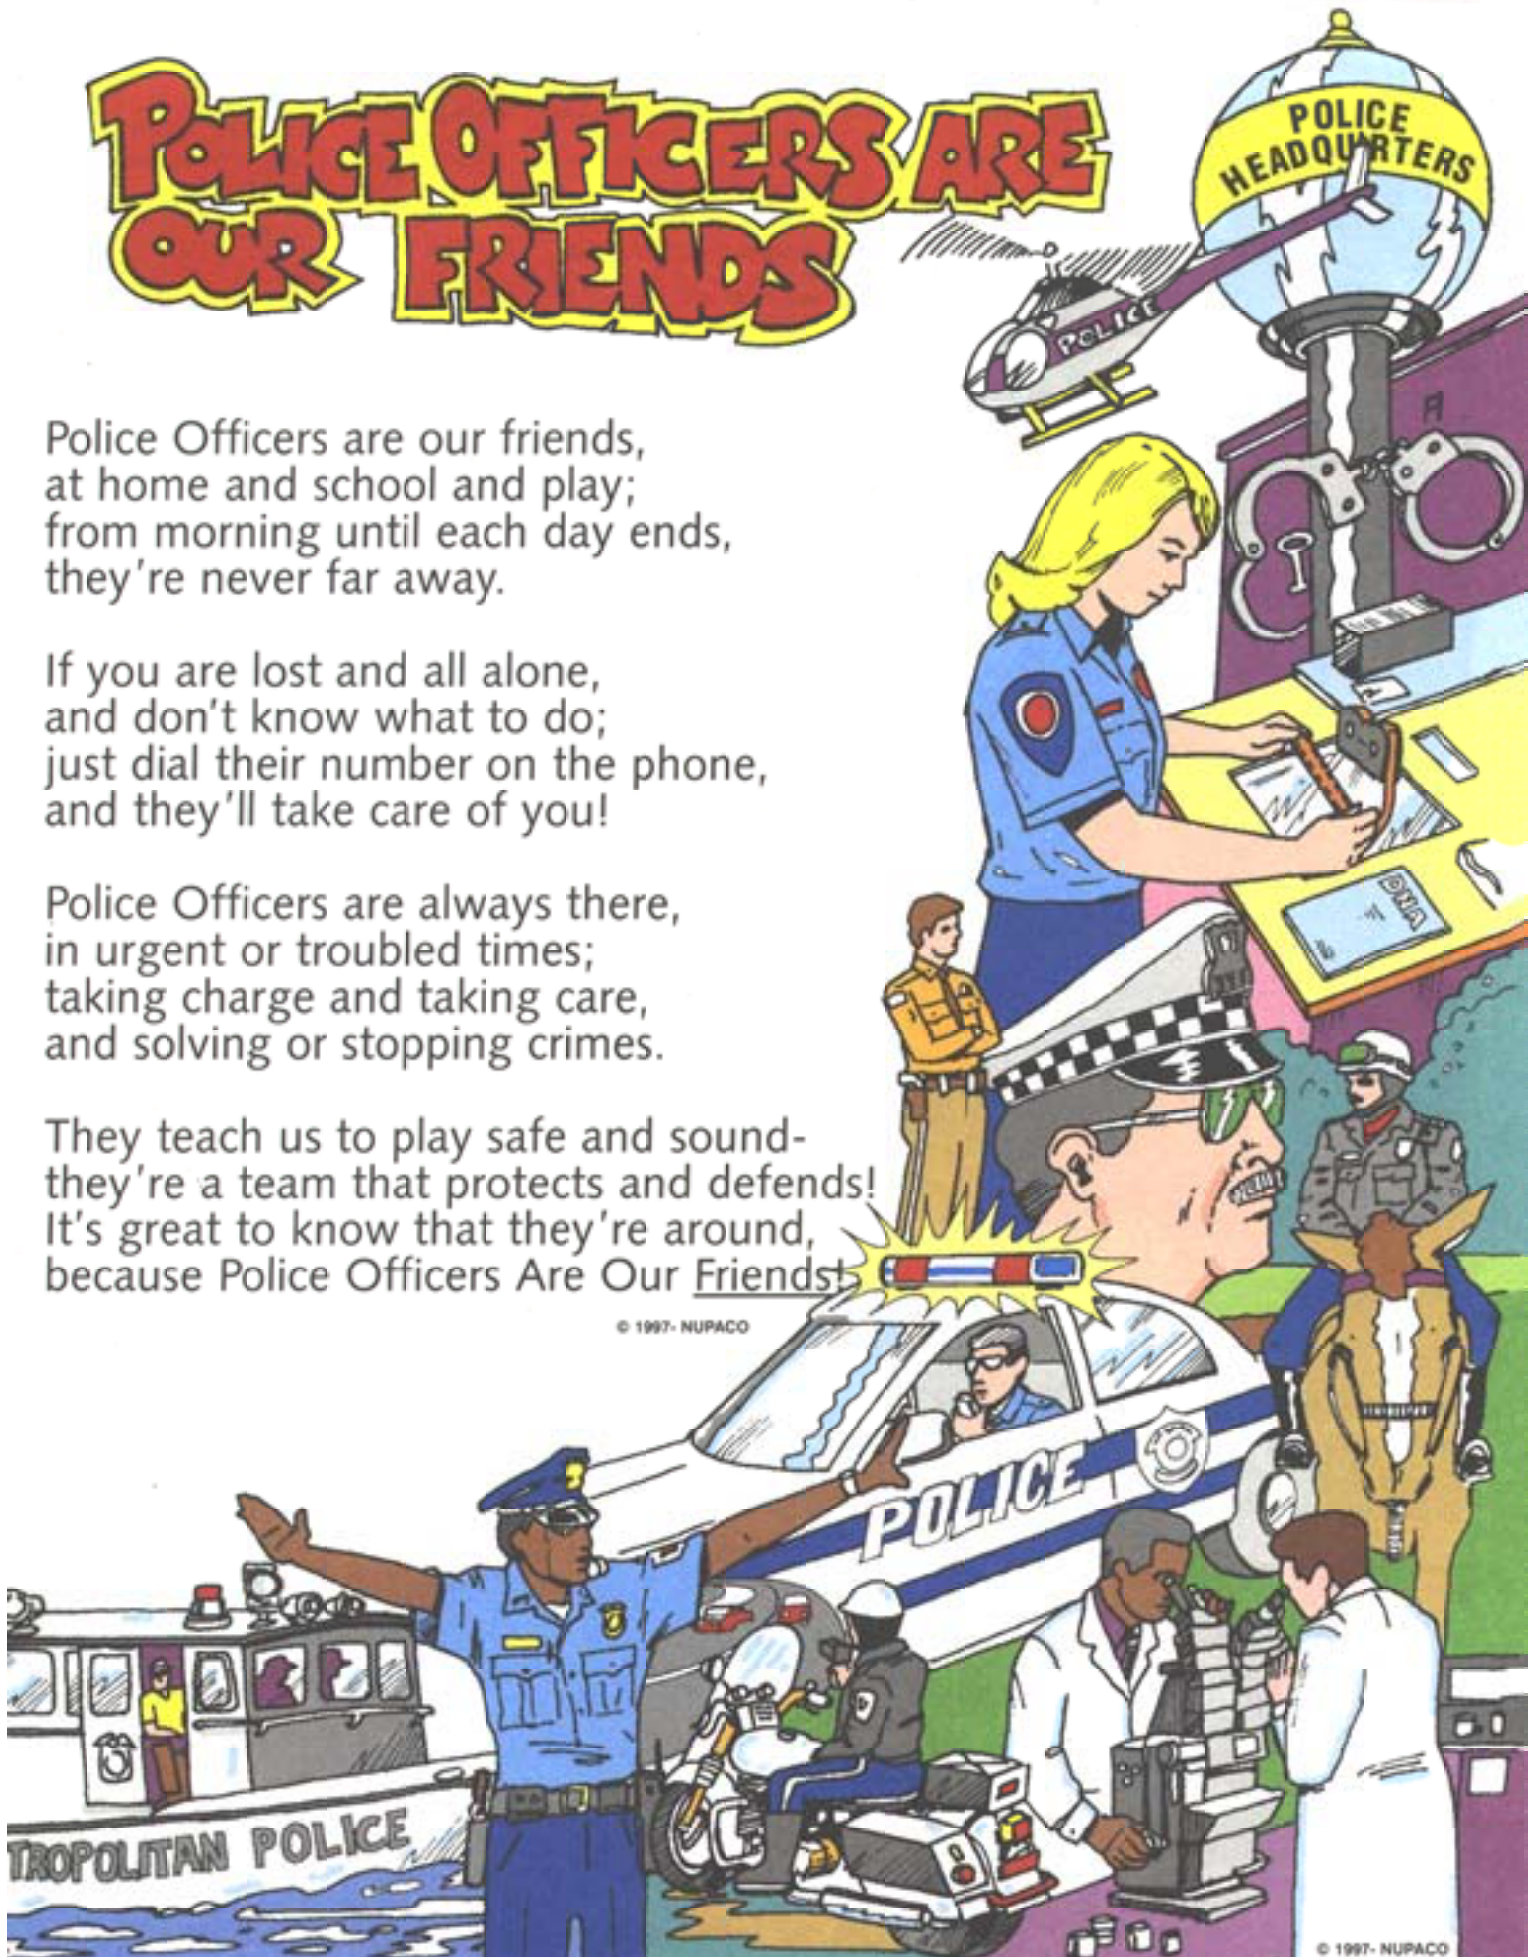

Police Officers are our friends,
at home and school and play;
from morning until each day ends,
they're never far away.

If you are lost and all alone,
and don't know what to do;
just dial their number on the phone,
and they'll take care of you!

Police Officers are always there,
in urgent or troubled times;
taking charge and taking care,
and solving or stopping crimes.

They teach us to play safe and sound-
they're a team that protects and defends!
It's great to know that they're around,
because Police Officers Are Our Friends!
